

E+ Extended Range.
Expanded Opportunities.

Outdoor Wireless Contact Sensor

Unlock new business potential with E+ Extended Range sensors by 2GIG[®]

The E+ Outdoor Wireless Contact Sensor now has 900MHz spectrum as part of the new line of E+ Extended Range sensors. The E+ series provides expanded, reliable security coverage to large, multi-level homes and light commercial facilities, bringing peace of mind to clients and new business opportunities for integrators. Enhancements to the new sensors include increased battery life, two-way encryption for enhanced security, and a user-friendly enrollment process that lowers installation time and reduces truck rolls.

E+ SERIES WORKS WITH
2GIGEDGE™

2GIG-DW30E-900

Outdoor Wireless Contact Sensor

SPECIFICATIONS

Transmitter Frequency	904MHz - 922MHz
Compatibility	2GIG EDGE Panel (FW 1.3 or later is required)
Supervisory Interval	70 Minutes
External Input	Accepts NC or NO Dry Contact Devices
Magnet Type	Rare Earth
Magnet Gap	Up to 1.3 in
Magnet Dimensions (L x W x H)	4.1 x 1.0 x 1.1 in (103 x 25 x 28 mm)
Sensor Dimensions (L x W x H)	4.6 x 2.1 x 1.5 in (116 x 54 x 39 mm)
Weight	.5 lbs (231 g)
Housing Material	Paintable ABS
Operating Temperature	-40° to 150°F (-40° to 66°C)
Relative Humidity	0% to 100%, Non-condensing
Battery (Included)	One CR 123A 3V or equivalent Lithium Battery
Certification	FCC, IC, ETL, IP56

FEATURES:

- **Extended Range** of up to 2km* with **900MHz** spectrum
- Designed for extreme weather conditions (IP56) and water resistant (-40° to 150° F)
- Paintable casing to match mounting surface
- Wide magnet gap (up to 1.3") for yard gates, swimming pool access, or detached garages
- Battery life up to 5-years
- Two-way encrypted communication for enhanced security and reliability
- Supports external Normally Open or Normally Closed input

*Range can vary depending on building materials

E+ SERIES WORKS WITH
2GIGEDGE™

E+ Extended Range sensors offer more extensive security coverage for larger residential and commercial properties to keep clients feeling secure. With sleek, modern designs that seamlessly integrate into any environment, the E+ series includes indoor and outdoor contact sensors, and motion, glass break and smoke detectors. Paired with the innovative 2GIG EDGE™ panel, this smart security solution combines versatility, innovation, and reliability.

ADDITIONAL E+ SENSORS:
