

E+ Extended Range.
Expanded Opportunities.

Glass Break Detector

Unlock new business potential with
E+ Extended Range sensors by 2GIG[®]

The E+ Glass Break Detector now has 900MHz spectrum as part of the new line of E+ Extended Range sensors. The E+ series provides expanded, reliable security coverage to large, multi-level homes and commercial facilities, bringing peace of mind to clients and new business opportunities for integrators. Enhancements to the new sensors include increased battery life, two-way encryption for enhanced security, and a user-friendly enrollment process that lowers installation time and reduces truck rolls.

E+ SERIES WORKS WITH
2GIGEDGE™

2GIG-GB1E-900

Glass Break Detector

FEATURES:

- **Extended Range** of up to 2km* with **900MHz** spectrum
- Intelligent detection of glass types: plate, tempered, laminated or coated
- Dual stage thud and crash detection algorithm mitigates false alarms and ensures reliable notification
- Enhances safety by detecting glass shattering noise in a 15 foot radius
- User-adjustable sensitivity settings to reduce false alarms in noisy environments
- Battery life of up to 5 years
- Two-way encrypted communication for enhanced security and reliability

*Range can vary depending on building materials

SPECIFICATIONS

Transmitter Frequency	904MHz - 922MHz
Compatibility	2GIG EDGE Panel (FW 1.3 or later is required)
Code Outputs	Alarm; Alarm Restore; Tamper; Tamper Restore; Supervisory; Low Battery
Supervisory Interval	70 Minutes
Sensor Type	Single Microphone, Dual Stage Thud, and Crash
Maximum Horizontal Sensing Angle	360° for Ceiling Mount Or 180° For Wall Mount
Dimensions (D x H)	4.57" x 1.57" (11.6 x 3.99 cm)
Weight	0.35 lbs (158g)
Housing Material	ABS Plastic
Operating Temperature	32°-120° F (0°-49° C)
Operating Rel. Humidity	5% to 90%, Non-condensing
Batteries (Included)	Two CR123A 3V or equivalent Lithium batteries
Approved Glass Break Simulator	FG-701 Glassbreak Simulator
Certification	ETL, FCC, IC

E+ SERIES WORKS WITH
2GIGEDGE™

E+ Extended Range sensors offer more extensive security coverage for larger residential and commercial properties to keep clients feeling secure. With sleek, modern designs that seamlessly integrate into any environment, the E+ series includes indoor and outdoor contact sensors, and motion, glass break and smoke detectors. Paired with the innovative 2GIG EDGE™ panel, this smart security solution combines versatility, innovation, and reliability.

ADDITIONAL E+ SENSORS:

DW10E-900
Indoor Door/
Window Contact

DW30E-900
Outdoor Wireless
Contact Sensor

PIR1E-900
Passive Infrared
Motion Detector

SMKT-900
Smoke/Heat/
Freeze Detector
